

De-Icer Spreader, Handheld

1. Scope

This standard covers the requirements for handheld, de-icer spreaders.
This standard applies to Seattle City Light (SCL) Stock No. 014673.

2. Application

De-icer spreaders are used to spread granular de-icer or rock salt onto sidewalks, driveways, and steps.

3. Requirements

De-icer spreaders shall have the following attributes:

- 80 oz capacity, nominal
- Adjustable hole openings for spreading material
- Screw-on lid
- Durable plastic (polyethylene) construction
- Ergonomic handles, capable for use with heavy gloves

De-icer spreaders shall be provided with a set of instructions.

4. Packaging

Product shall be packaged to prevent damage during shipping, handling, and storage.
